

Social Security Administration

§404.1918

COVERAGE PROVISIONS

§404.1913 Precluding dual coverage.

(a) *General.* Employment or self-employment or services recognized as equivalent under the Act or the social security system of the foreign country shall, on or after the effective date of the agreement, result in a period of coverage under the U.S. system or under the foreign system, but not under both. Methods shall be set forth in the agreement for determining under which system the employment, self-employment, or other service shall result in a period of coverage.

(b) *Principles for precluding dual coverage.* (1) An agreement precludes dual coverage by assigning responsibility for coverage to the U.S. or a foreign country. An agreement may modify the coverage provisions of title II of the Act to accomplish this purpose. Where an agreement assigns coverage to the foreign country, it may exempt from coverage services otherwise covered by the Act. Where an agreement assigns coverage to the U.S., it may extend coverage to services not otherwise covered by the Act but only for taxable years beginning on or after April 20, 1983.

(2) If the work would otherwise be covered by both countries, an agreement will exempt it from coverage by one of the countries.

(3) Generally, an agreement will provide that a worker will be covered by the country in which he or she is employed and will be exempt from coverage by the other country.

Example: A U.S. national employed in XYZ country by an employer located in the United States will be covered by XYZ country and exempt from U.S. coverage.

(4) An agreement may provide exceptions to the principle stated in paragraph (b)(3) of this section so that a worker will be covered by the country to which he or she has the greater attachment.

Example: A U.S. national sent by his employer located in the United States to work temporarily for that employer in XYZ country will be covered by the United States and will be exempt from coverage by XYZ country.

(5) Generally, if a national of either country resides in one country and has self employment income that is covered by both countries, an agreement will provide that the person will be covered by the country in which he or she resides and will be exempt from coverage by the other country.

(6) Agreements may provide for variations from the general principles for precluding dual coverage to avoid inequitable or anomalous coverage situations for certain workers. However, in all cases coverage must be provided by one of the countries.

§404.1914 Certificate of coverage.

Under some agreements, proof of coverage under one social security system may be required before the individual may be exempt from coverage under the other system. Requests for certificates of coverage under the U.S. system may be submitted by the employer, employee, or self-employed individual to SSA.

§404.1915 Payment of contributions.

On or after the effective date of the agreement, to the extent that employment or self-employment (or service recognized as equivalent) under the U.S. social security system or foreign system is covered under the agreement, the agreement shall provide that the work or equivalent service be subject to payment of contributions or taxes under only one system (see sections 1401(c), 3101(c), and 3111(c) of the Internal Revenue Code of 1954). The system under which contributions or taxes are to be paid is the system under which there is coverage pursuant to the agreement.

COMPUTATION PROVISIONS

§404.1918 How benefits are computed.

(a) *General.* Unless otherwise provided in an agreement, benefits will be computed in accordance with this section. Benefits payable under an agreement are based on a pro rata primary insurance amount (PIA), which we determine as follows:
